

SANGAI INTERNATIONAL UNIVERSITY

Syllabus B. A. with Psychology

Syllabus B. A. with Psychology

B. A. with PSYCHOLOGY

This course aims at enriching the minds of those students who have not been able to or intend to join the Honors Courses. It aims to develop a holistic and multidimensional understanding of the topics. It attempts to approach new areas of learning, develop competencies in the students thereby opening various avenues for self-discovery, academic understanding and employment.

Pedagogy for teaching the B.A. Course

The teaching-learning of the programme would be organized through lectures, group discussions, experiential exercises, projects, presentations, workshops, seminars and hands on experiences. Students would be encouraged to develop an understanding of real life issues and participate in the programs and practices in the social context. To this end, practicum is incorporated as an important component in many of the papers. Use of ICT and mass media and web based sources is highly recommended to make the teaching-learning process interactive and interesting.

Evaluation

The mode of evaluation would be through a combination of external and internal assessment in the ratio of 75: 25 respectively. Along with routine examinations, classroom participations, class assignments, project work, and presentations would also be a part of the overall assessment of the students.

NOTES:

Core papers:

Theory: 4 classes+1 student presentation per week

With Practicals: 2 practicum to be done in a practical paper
